

THE ARMENIAN MISSIONARY ASSOCIATION OF AMERICA

Child Education Program & Child Sponsorship Program

The **Child Education Program** helps subsidize the education of children in the Middle East. Many of these families struggle to make ends meet and cannot afford to pay the full tuition for their child's education. By sponsoring a student, you can help make their education possible.

The **Child Sponsorship Program** in Armenia helps meet the necessities of life and gives hope to Armenia's adorable children by providing basic needs.

You are invited to participate in one or both of these life-changing programs. Be assured, your generous spirit of love will bear great fruit!

YES! I would like to invest in a child(ren) and share God's blessings with them.

Please select child(ren) for my consideration and send me the details.

INVEST IN ARMENIAN CHILDREN SPONSOR A CHILD

Armenia, Lebanon & Syria

“Whoever welcomes a little child like this in my name welcomes me,” said Jesus in Matthew 18:5

Armenian children are experiencing suffering and hardship. They lack basic necessities of decent living conditions and opportunities of a quality education.

Invest in a child. Your investment will grow as the child grows.

You can help change a life and inject hope for a better future, by investing a small portion of your resources with our little brothers and sisters.

Christine's Story

BEHIND ANY SUCCESS STORY, THERE IS USUALLY A HISTORY OF OBSTACLES, UNMET NEEDS AND DIFFICULTIES. CHRISTINE'S AND ANNA'S STORY IS ONE OF THEM.

Christine who lives with her mother in a rented house in the town of Vanadzor, has been sponsored by the AMAA for the past 7 years. Christine and her mother, Anna are lovely, Godly people and it is a pleasure to work with them. They attend the Evangelical Church of Armenia (ECA) and Christine regularly participates in the events and summer camps organized by the AMAA. A couple of the AMAA events that Christine has attended were the needlework and painting classes at the AMAA Vanadzor Center. Currently Christine sings in the ECA and has performed in many concerts in different towns with the worship group.

Anna, a trained pharmacist, volunteers at the AMAA Child Sponsorship Department of

Vanadzor. Eager to increase her skills in social work, Anna participated in seminars and training classes in Vanadzor and Yerevan, all organized by the AMAA. Although a pharmacist, for many years Anna had difficulty finding employment. Anna also endured the passing of her husband as well as suffered from health problems.

In partnership with Spitak's Helsinki Committee, the AMAA provides employment opportunities for women. The Helsinki committee's goal is to help and encourage underprivileged women find jobs in today's market place. Christine's mother, Anna is a wonderful success story of what this partnership delivers. By attending the classes with diligent determination, Anna increased her professional skills and was offered a temporary job to do a social survey in the Lori region. As a result, she was introduced to a network of people who provided her with a temporary position as a pharmacist. With her commitment and dedication and by the grace of God, her temporary job led to a permanent role as a pharmacist with the Red Cross. Anna continues to volunteer at the AMAA Child Sponsorship Department while working with the Red Cross. Feeling secure with her skills and achievements, Anna is a more confident and attentive mother and has increased her ability to contribute to her community.

The Helsinki Committee and the AMAA has helped three other mothers of sponsored children improve their standard of living and with God's grace continues to help more women and families.
