THE EMMANUEL CHURCH OF ALEPPO HAS BEEN (RE)BUILT

THANKS TO YOU

BUT OUR COMMUNITY STILL NEEDS YOUR SUPPORT

(RE)BUILDING SYRIA

(Re)building communities from encumbering burdens will help bring a sense of hope for Syrian Armenians struggling with the conflicts Alepppo still faces today. Syrian Armenians who chose to stay within the country need our prayers and support to raise their socio-economic living standards post the traumatic experience of war, and the reconstruction of worship centers to seek guidance from the Lord.

In the midst of daily challenges, the Armenian Missionary Association of America honors its relief efforts to Syria.

With your continued support, we have been able to complete the restoration of the Armenian Evangelical Emmanuel Church of Alepppo and provide a sanctuary for those who thirst for the Word of God. Although we have fulfilled that goal, we ask for your support to meet the construction liabilities and raise the living standard of the war stricken community.

Your generous donation will help achieve our goal.

Thank you for your support!
